### GOVERNOR'S WORKFORCE INNOVATION DIRECTIVE NO. PY2014-05, Change 01

**SUBJECT:** Local Area Designation Policy

- 1. Purpose.** To transmit a revision to the State's Local Area Designation Policy pursuant to correspondence of September 22, 2015 from the Assistant Secretary of Labor for Employment and Training as well as update information relative to the transfer of the Workforce Development Division of the Alabama Department of Economic and Community Affairs to the Alabama Department of Commerce per Act 2015-450.
- 2. Discussion.** Subsequent to the issuance of the initial Local Area Designation Policy on February 26, 2015, the U.S Department of Labor (USDOL), Employment and Training Administration (ETA) issued Training and Employment Guidance Letter (TEGL) Number 27-14 on April 15, 2015. Among other requirements, this TEGL required the states to include not only a definition of "Performed Successfully," which was in the initially issued state policy, but also definitions for the terms "met or exceeded" and "failure" consistent with how those terms were defined at the time the performance levels were negotiated. TEGL Number 25-13, dated May 15, 2014, is the relevant guidance in regard to the guidance used for the definition of the Workforce Investment Act performance measure parameters to define exceeds, met, or failed to meet. Per the Secretary of Labor's correspondence, as well as the guidance provided in TEGL Number 27-14, the applicable attachments to the State's Local Area Designation Policy have been revised to include the required additional definitions as stated in TEGL Number 25-13.
- 3. Action.** Local area designation requests were received from three (3) entities pursuant to the initially-issued (February 26, 2015) Local Area Designation Policy. Two of the applications were approved by the Governor subsequent to recommendation by the State Workforce Development Board, so no action is required for those two entities (Mobile Works, Inc. and the Alabama Workforce Investment Area). However, the application for the Jefferson County Commission was not recommended by the State Workforce Development Board for approval by the Governor nor was it approved by the Governor.

**Governor's Workforce Innovation Directive NO. PY2014-05, Change 01**

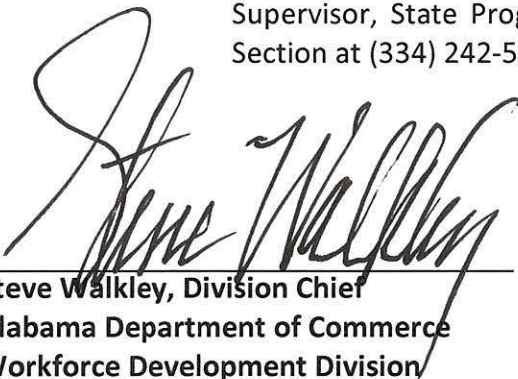

**Page Two**

Per the Assistant Secretary of Labor's requirement stated in her September 22, 2015 correspondence, the State is required to "allow the Jefferson County Commission to request initial designation under WIOA Section 106(b)(2) and review such request if submitted, and afford the local area the right to a State-level appeal under WIOA Section 106(b)(5) if the State rejects the local area's request for initial designation."

In compliance with this requirement, the local Chief Elected Official (CEO) for the Jefferson County Commission may submit the completed application to the Workforce Development Division no later than 5:00 p.m., December 31, 2015 for consideration of initial designation per Section 106(b)(2) of the WIOA.

Local Area Designation Policy**

**Purpose:** To provide Local Elected Officials with the State's procedures for the submission of local area designation requests to the Alabama Department of Economic and Community Affairs (ADECA), Workforce Development Division (WDD) acting on the behalf of the Governor.

**Reference:** The Workforce Innovation and Opportunity Act, Chapter 2-Local Provisions, Section 106, Local Workforce Development Areas.

**Effective Date:** This policy is in effect for Program Year 2015 implementation of the Workforce Innovation and Opportunity Act and subsequent redesignation.

**Background:** The Workforce Innovation and Opportunity Act requires the Governor to designate local workforce investment areas within the state through consultation with the State Board and after consultation with the chief elected officials and comments received through the public comment process as described in Section 102(b)(2)(E)(ii)(II). In making the designation of local areas, the Governor must give considerations, except for those local areas described in Section 106(b)(2), Initial Designation and 106(b)(3), Subsequent Designation, consisting of the extent to which the areas:

- are consistent with labor market areas in the State (Section 106(b)(1)(B)(i));
- are consistent with regional economic development areas in the State (Section 106(b)(1)(B)(ii)); and
- have available the Federal and non-Federal resources necessary to effectively administer activities under subtitle B and other applicable provisions of this Act, including whether the areas have the appropriate education and training providers such as institutions of higher education and area career and technical education schools (Section 106(b)(1)(B)(iii)).

Section 106 of the Act provides for three types of designation: (1) initial designation, (2) subsequent designation, and (3) designation on Recommendation of the State Board. The Governor shall approve requests for initial and subsequent designation submitted by chief elected officials, provided the area under consideration meets the applicable eligibility criteria. Under the third designation type, the Governor may choose to approve such requests from chief elected officials on Recommendation from the State Board.

1. **Initial Designation (Section 106(b)(2)):** During the first two (2) full program years following the date of enactment of this Act, the Governor shall approve a request for initial designation as a local area from any area that was designated as a local area for purposes of the Workforce Investment Act of 1998 for the two-year period preceding the date of enactment of this Act, performed successfully, and sustained fiscal integrity.

A. "The term "**performed successfully**," as defined in Training and Employment Guidance Letter (TEGL) Number 27-14, dated April 15, 2105 means "that the local area met or exceeded the levels of performance the Governor negotiated with the Local Board and chief elected official, and the local area has not failed any individual measure for the last two (2) consecutive program years before the enactment of WIOA. The terms "met or exceeded" and "failure" must be defined by the Governor in the State's policy consistent with how those terms were defined at the time the performance levels were negotiated. When designating local areas, the Governor may not retroactively apply any higher WIOA threshold to performance negotiated and achieved under WIA." (This means the same measure for two years in a row, not any measure in the two-year period.)

- **Exceeds** – When the actual performance achieved against an individual performance measure is in excess of 100 percent of the negotiated level of performance for the measure (per TEGL 25-13).
- **Met** – When the actual performance achieved against an individual performance measure falls in the range of 80 to 100 percent of the negotiated level of performance for the measure (per TEGL 25-13).
- **Fails** – When the actual performance achieved against an individual performance measure is less than 80 percent of the negotiated level of performance (per TEGL 25-13).

B. "The term "**sustained fiscal integrity**", per Section 106(e)(2) is used with respect to a local area, means that the Secretary has not made a formal determination, during either of the last two (2) consecutive years preceding the determination regarding such integrity, that either the grant recipient or the administrative entity of the area misexpended funds provided under subtitle B (or, if applicable, Title I of the Workforce Investment Act of 1998 as in effect prior to the effective date of such subtitle B) due to willful disregard of the requirements of the provision involved, gross negligence, or failure to comply with accepted standards of administration."

2. **Subsequent Designation (Section 106(b)(3)):** After the period for which a local area is initially designated per Section 106(b)(2), the Governor shall approve a request for subsequent designation as a local area from such local area, if such area – performed successfully (Section 106(b)(3)(A)); sustained fiscal integrity (Section 106(b)(3)(B)); and in the case of a local area in a planning region, met the requirements described at Section 106(c)(1).

3. **Duration and Subsequent Designation:** An initial designation shall be for a period of not more than two full program years, after which the designation shall be extended, if requested and if the Governor determines that, during the designation period, the area:
  - A. performed successfully;
  - B. sustained fiscal integrity; and
  - C. in the case of a local area in a planning region, met the requirements in Section 106 (c)(1) if the Act.
  
4. **Designation on Recommendation of State Board and Approval of Governor:** Designation under this category is at the Governor's discretion. The Governor may approve (per Section 106 (b)(4)) a request for a local area designation from any unit of general local government or combination of such units if the State Board recommends to the Governor, taking into account the general considerations previously outlined under the "Background" of this policy, that such area should be so designated from applications submitted through the process described below:

**Information on Applying Under the State Board Recommendation and Approval of the Governor (Item Number 4 Above)**

Any unit of local government or a combination of such units requesting designation under this category per Section 106(b)(4) must at a minimum address the following as related to the proposed local workforce development area:

1. Name, title, and original signature of chief local elected official(s) representing the unit(s) of local government filing the petition for WIOA local workforce development area designation with the State Board.
2. Specific indication of the geographic area (Alabama counties) to be served by the proposed local workforce development area.
3. Identification of existing education and training providers, such as institutions of higher education and area career and technical education schools within the proposed local workforce development area. Additionally, indicate, for each identified local education agency, the counties primarily served by such agencies.
4. Indication that the proposed local workforce development area is consistent "...with labor market areas..." means the proposed local workforce development area will not "break-up" an existing labor market area.
5. Provide assurance that the existing and prospective career employment opportunities and educational/technical educational resources within the proposed local workforce development area will be enhanced.

6. Indication of public/private transportation resources and transportation arteries within the proposed local workforce development area are sufficient to accommodate the commuting requirements of individuals seeking to obtain educational/technical educational services assistance under the Workforce Innovation and Opportunity Act.
7. Indication of education leaders, business leaders, and local government officials prepared to actively participate in the conduct of local workforce development board administrative activities related to planning, execution, and management of activities within the proposed local workforce development area.
8. Indication of the administrative capacity of the proposed local workforce development area to adequately safeguard funds, which it may be awarded, and to conduct workforce development activities, pending the finalization of such designation.
9. Indication of the available Federal and non-Federal resources necessary to effectively administer activities under Subtitle B and other applicable provisions of the Act. Resources beyond the ten (10) percent allowed for administrative expenditures allotted to local areas.
10. Indication that the proposed local workforce development area is “consistent with the regional economic development areas in the state.”
11. The local area plans to adhere to the restriction on the local board not directly providing training services, or being certified as a One-Stop Operator. If plans include requesting a waiver or the necessary approvals to perform these functions, an outline is needed for the basis of making either request.
12. Any endorsements or opposing statements to this application from WIOA required partners or other interested parties.
13. Other information the applicant would like the State Board to consider.

### **Duration**

Duration is at the recommendation of the State Board and the discretion of the Governor. Initial designation under this category shall be for a period of not more than two years, which is consistent with other types of designation.

### **Assessment of the Application**

Once a completed application is received, the State Board, in collaboration with the appropriate staff from the Workforce Development Division (WDD), will verify the information provided in

the application. The State Board will use the results of this assessment to determine whether to recommend approval or denial of the application.

The local CEO will be notified in writing regarding the approval or denial of its initial designation application. If denied, the local CEO may contest the decision using the appeal process below.

### **State Appeals Process**

WIOA Section 106(b)(5) states that a unit of general local government (including a combination of such units) or grant recipient that requests but is not granted designation as a local area under WIOA Section 106(b)(2) (initial designation) or Section 106(b)(3) (subsequent designation) may submit an appeal to the State Board under an appeal process established in the State Plan. If the appeal does not result in such a designation, the appeal may be submitted to the Secretary of Labor. A decision by the State Board and Governor to deny a request from a unit of general local government or a combination of such units, that does not meet the criteria for initial designation, under Section 106(b)(2), or for subsequent designation, under Section 106(b)(3), e.g. a request to be designated per “Designation on Recommendation of State Board and Approval of Governor” per Section 106(b)(4), is not appealable.

- Within ten working days of providing notice of their intent to file an appeal, the appellant must submit their rebuttal package stating the grounds for the appeal and state the reasons why the appellant should be initially designated via certified mail to the Alabama Department of Commerce/Workforce Development Division/State Workforce Development Board, Post Office Box 304106, Montgomery, Alabama 36130-4106. This rebuttal package should address all issues raised or questions asked by the State Board in rendering their decision and indicate if a formal hearing is requested. The appellant may be asked to provide additional information/documentation.
- The WDD staff will work in conjunction with the State Board to expedite review of a designation appeal and to schedule a formal hearing, if requested, before the State Board. Efforts will be made by WDD staff to enable Board members to review the appeal informally, i.e., via e-mail or mail outs, or, if the situation warrants, the Board may be convened by the Governor in advance of a scheduled meeting date in order that the appeal might be heard.
- The goal is for any appeal to be resolved within 30 days of the filing of such appeal with the Board, through the WDD (Alabama Department of Commerce).

- If the appeal to the State Board does not result in designation, the appellant, if appealing an initial designation under WIOA Section 106(b)(2) or subsequent designation under Section 106(b)(3), may request review by the Secretary of Labor. An appeal to the Secretary must be submitted by the appellant or grant recipient no later than 30 days after receipt of written notification from the State Board that the appeal has been denied. Appeals must be submitted by certified mail, return receipt requested, to the Secretary, U.S. Department of Labor, Washington, DC 20210, Attention: Assistant Secretary, Employment and Training Administration. A copy of the appeal must be simultaneously provided to the State Board.
  
- If the Secretary determines that the appellant was not accorded procedural rights under the appeal process established under the above section, or that the area meets the requirements for initial or subsequent designation in WIOA Section 106(b)(2) or 106(b)(3), the Secretary may require that the area be designated as a workforce development area. The Secretary must issue a written decision to the Governor.

### **Regional Planning and Cooperation**

Pursuant to Section 106(a) Regions – Before the second full program year after the date of enactment of the Act (July 22, 2014), in order for a State to receive an allotment under Section 127(b) or 132(b) and as part of the process for developing the State Plan, a State shall identify regions in the State after consultation with the local boards and chief elected officials in the local areas and consistent with the considerations described in Section 106(b)(1)(B).

Additionally, the State may require information sharing among local areas to improve their performance in the designated regions on local performance measures and to coordinate programs and activities under WIOA Title I. The State may also require regional coordination in service delivery.

5. Category Under Which Designation is Being Requested:

Please check one of the boxes below:

- Initial Designation (Two years maximum duration)  
 Subsequent Designation (proceed to #7)  
 State Board Recommendation and Governor Approval (proceed to #7)

6. For Initial and Subsequent Designation

Local areas requesting designation under this category must satisfy the following requirements:

- Met or exceeded the adjusted levels of performance for primary indicators of performance described in Section 116(b)(2)(A) (or if applicable, core indicators of performance described in Section 136(b)(2)(A) of the Workforce Investment Act of 1998, as in effect the day before the date of enactment of this Act) for each of the last two (2) consecutive years for which data are available preceding the determination of performance under this paragraph (Section 106(e)(1)). This pertains to successful performance for Program Years 2012 and 2013 for Initial Designation and to appropriate program years for Subsequent Designation. (This means a local area has achieved at least 80 percent of their local performance goal on each performance measure for Program Year 2012 and Program Year 2013 as stated in Section 106(e)(1) of the WIOA.)
- Sustained financial integrity for the last two (2) consecutive years for which data are available (Program Years 2012 and 2013 for Initial Designation and two appropriate program years for Subsequent Designation.). See the WIOA Section 106(e)(2) for details.

Note: The signature of the chief elected official on this application certifies that the local area has met the performance and fiscal integrity requirements for this category. Compliance with these requirements will be independently verified by the State prior to designation under this category. (Proceed to 8.)

7. For State Board Recommendation and Governor's Approval Only

Local areas requesting designation under this category must provide information on the following:

- a. Geographic areas served by local educational agencies and intermediate educational agencies.
- b. Geographic areas served by post-secondary educational institutions and area career and technical education schools per Section 106(b)(1)(B)(iii).

- c. The extent to which such local areas are consistent with labor market areas.
- d. The distance that individuals will need to travel to receive services provided in such local areas.
- e. Identify resources and plans to effectively administer the activities discussed in Title I, Subtitle B, of the WIOA including:
  - 1) Have available the Federal and non-Federal resources available to support WIOA Title I, Subtitle B, activities beyond the ten (10) percent allowed for administrative expenditures allotted to local areas per Section 106(b)(1)(B)(iii).
  - 2) Identify the labor market area(s) within the local area and indicate the local area's consistency with the labor market area(s) per Section 106(b)(1)(B)(i).
  - 3) Identify the required economic development area(s) within the local area and indicate the local area's consistency with the required economic development area(s) per Section 106(b)(1)(B)(ii).
  - 4) The local area has the appropriate education and training providers such as institutions of higher education and area career and technical education schools per Section 106(b)(1)(B)(iii).

8. Signature of Chief Elected Official
