August 28, 2019
GOVERNOR'S WORKFORCE INNOVATION DIRECTIVE NO. PY2019-01

SUBJECT: Alabama WIOA Website and Facebook Page

1. Purpose. This Directive announces that a new website and Facebook page for Alabama's Workforce and Opportunity Act (WIOA) Title I Program has been established.

2. Discussion. In order to provide the public, WIOA staff, and partner agencies with information about Alabama's WIOA Program, a new website has been established and is available at <https://wioa-alabama.org>. This website contains information regarding various Adult, Youth, and Dislocated Worker programs including manuals and forms used by staff. The website also has a separate page for the State Workforce Development Board and each Local Workforce Development Board with copies of their respective four-year plans, grant agreements, board certifications, and other information required to be provided to the public. The website will also be used to post public notices related to the program such as State and Local Workforce Development Boards meeting dates and locations, Requests for Proposals (RFPs), and requests for comments for state and local area plans and programs. In addition, there is a contact page for citizens to seeking additional information.

The Facebook page is titled WIOA Alabama, and a link to the page will be available on the website. It will be used to announce workforce related items of interest to the public, including links to public notices on the website.

3. Action. WIOA and Career Center staff should use the website as needed to find information and forms. Career Centers are encouraged to link their Facebook pages to the WIOA Alabama Facebook page. Staff should also direct persons interested in WIOA programs to look at the website and Facebook page for information.

4. **Contact.** Questions regarding this TEGL should be directed to David Niesen, Rapid Response Unit, at david.niesen@commerce.alabama.gov or 334.242.5417.

Tammy Wilkinson, Workforce Development Manager
