GOVERNOR'S WORKFORCE INNOVATION DIRECTIVE NO. PY2014-05, Change 02

SUBJECT: Local Area Designation Policy

- 1. Purpose.** To transmit a revision to the State's Local Area Designation Policy to include information regarding application for local area designation when local area configurations change as well as incorporating information and requirements for Chief Local Elected Official (CLEO) Agreements.
- 2. Discussion.** As of February 24, 2016, Governor Bentley designated the third of Alabama's three local workforce development areas (LWDAs), which sought designation pursuant to Section 106(b)(2), Initial Designation. However, it is the administration's goal to radically re-configure the LWDAs from two "one county" LWDAs and one "65 county" LWDA to a more regionalized approach per Section 106(b)(1)(B), which states that designation of local areas (except initial and subsequent designations) is based on considerations consisting of the extent to which the areas –

 - i. are consistent with labor market areas in the State;*
 - ii. are consistent with regional economic development areas in the State; and*
 - iii. have available the Federal and non-Federal resources necessary to effectively administer activities under subtitle B and other applicable provisions of this Act, including whether the areas have the appropriate education and training providers, such as institutions of higher education and area career and technical education schools.*

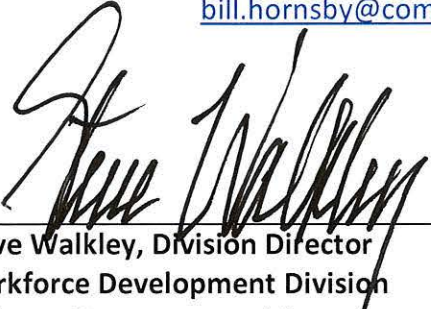

The WIOA at Section 106(b)(1) address the process, which requires the Governor to consult with the State Workforce Development Board and to consult with chief local elected officials and local boards as well as consideration of public comments received through the public

comment process as described in Section 102(b)(2)(E)(iii)(II). The designation of newly configured current LWDAs as well as totally new local workforce development areas is subject to the approval process described in Section 106(b)(4) Designation on Recommendation of State Board. The Governor may approve a request from any unit of general local government (including a combination of such units) for designation of an area as a local area if the State Board determines, based on the considerations described in Section 106(b)(1)(B), and recommends to the Governor, that such area should be so designated.

The previously issued (February 26, 2015) Local Area Designation Policy has been revised to include additional information requirements for the Chief Local Elected Officials Agreement for multi-jurisdictional areas— more than one county and not a balance of state local workforce development area in which the Governor is the Chief Elected Official.

3. Action. This policy should be utilized for future “Initial,” “Subsequent,” and “Recommendation of the State Board and Approval by the Governor” designation requests as applicable.

4. Contact. Questions regarding this information should be directed to Bill Hornsby, Supervisor, State Programs, Planning, and Divisional Budget Management Section at (334) 242-5847 or bill.hornsby@commerce.alabama.gov.

Workforce Innovation and Opportunity Act Local Area Designation Policy

Purpose: To provide Local Elected Officials with the State's procedures for the submission of local area designation requests to the Alabama Department of Commerce, Workforce Development Division (WDD) acting on the behalf of the Governor.

Reference: The Workforce Innovation and Opportunity Act, Chapter 2-Local Provisions, Section 106, Local Workforce Development Areas.

Effective Date: This policy is in effect for Program Year 2015 implementation of the Workforce Innovation and Opportunity Act and subsequent redesignation.

Background: The Workforce Innovation and Opportunity Act requires the Governor to designate local workforce investment areas within the state through consultation with the State Board and after consultation with the chief elected officials and comments received through the public comment process as described in Section 102(b)(2)(E)(ii)(II). In making the designation of local areas, the Governor must give considerations, except for those local areas described in Section 106(b)(2), Initial Designation and 106(b)(3), Subsequent Designation, consisting of the extent to which the areas:

- are consistent with labor market areas in the State (Section 106(b)(1)(B)(i));
- are consistent with regional economic development areas in the State (Section 106(b)(1)(B)(ii)); and
- have available the Federal and non-Federal resources necessary to effectively administer activities under subtitle B and other applicable provisions of this Act, including whether the areas have the appropriate education and training providers such as institutions of higher education and area career and technical education schools (Section 106(b)(1)(B)(iii)).

Section 106 of the Act provides for three types of designation: (1) initial designation, (2) subsequent designation, and (3) designation on Recommendation of the State Board. The Governor shall approve requests for initial and subsequent designation submitted by chief elected officials, provided the area under consideration meets the applicable eligibility criteria. Under the third designation type, the Governor may choose to approve such requests from chief elected officials on Recommendation from the State Board.

1. **Initial Designation (Section 106(b)(2)):** During the first two (2) full program years following the date of enactment of this Act, the Governor shall approve a request for initial designation as a local area from any area that was designated as a local area for purposes of the Workforce Investment Act of 1998 for the two-year period preceding the date of enactment of this Act, performed successfully, and sustained fiscal integrity.

A. "The term **"performed successfully,"** as defined in Training and Employment Guidance Letter (TEGL) Number 27-14, dated April 15, 2105 means "that the local area met or exceeded the levels of performance the Governor negotiated with the Local Board and chief elected official, and the local area has not failed any individual measure for the last two (2) consecutive program years before the enactment of WIOA. The terms "met or exceeded" and "failure" must be defined by the Governor in the State's policy consistent with how those terms were defined at the time the performance levels were negotiated. When designating local areas, the Governor may not retroactively apply any higher WIOA threshold to performance negotiated and achieved under WIA." (This means the same measure for two years in a row, not any measure in the two-year period.)

- **Exceeds** – When the actual performance achieved against an individual performance measure is in excess of 100 percent of the negotiated level of performance for the measure (per TEGL 25-13).
- **Met** – When the actual performance achieved against an individual performance measure falls in the range of 80 to 100 percent of the negotiated level of performance for the measure (per TEGL 25-13).
- **Fails** – When the actual performance achieved against an individual performance measure is less than 80 percent of the negotiated level of performance (per TEGL 25-13).

B. "The term **"sustained fiscal integrity,"** per Section 106(e)(2) is used with respect to a local area, means that the Secretary has not made a formal determination, during either of the last two (2) consecutive years preceding the determination regarding such integrity, that either the grant recipient or the administrative entity of the area misexpended funds provided under subtitle B (or, if applicable, Title I of the Workforce Investment Act of 1998 as in effect prior to the effective date of such subtitle B) due to willful disregard of the requirements of the provision involved, gross negligence, or failure to comply with accepted standards of administration."

2. **Subsequent Designation (Section 106(b)(3)):** After the period for which a local area is initially designated per Section 106(b)(2), the Governor shall approve a request for subsequent designation as a local area from such local area, if such area – performed successfully (Section 106(b)(3)(A)); sustained fiscal integrity (Section 106(b)(3)(B)); and in the case of a local area in a planning region, met the requirements described at Section 106(c)(1).
3. **Duration and Subsequent Designation:** An initial designation shall be for a period of not more than two full program years, after which the designation shall be extended, if requested and if the Governor determines that, during the designation period, the area:
 - A. performed successfully;
 - B. sustained fiscal integrity; and
 - C. in the case of a local area in a planning region, met the requirements in Section 106 (c)(1) if the Act.
4. **Designation on Recommendation of State Board and Approval of Governor:** Designation under this category is at the Governor's discretion. The Governor **may** approve (per Section 106 (b)(4)) a request for a local area designation from any unit of general local government or combination of such units if the State Board recommends to the Governor, taking into account the general considerations previously outlined under the "Background" of this policy, that such area should be so designated from applications submitted through the process described below:

Information on Applying Under the State Board Recommendation and Approval of the Governor (Item Number 4 Above)

10. Indication that the proposed local workforce development area is "consistent with the regional economic development areas in the state."
11. The local area plans to adhere to the restriction on the local board not directly providing training services, or being certified as a One-Stop Operator. If plans include requesting a waiver or the necessary approvals to perform these functions, an outline is needed for the basis of making either request.
12. Any endorsements or opposing statements to this application from WIOA required partners or other interested parties.
13. Other information the applicant would like the State Board to consider.

Duration

Duration is at the recommendation of the State Board and the discretion of the Governor. Initial designation under this category shall be for a period of not more than two years, which is consistent with other types of designation.

Assessment of the Application

Once a completed application is received, the State Board, in collaboration with the appropriate staff from the Workforce Development Division (WDD), will verify the information provided in the application. The State Board will use the results of this assessment to determine whether to recommend approval or denial of the application.

The Local Chief Elected Official will be notified in writing regarding the approval or denial of its initial designation application. If denied, the Local Chief Elected Official may contest the decision using the appeal process below.

State Appeals Process

WIOA Section 106(b)(5) states that a unit of general local government (including a combination of such units) or grant recipient that requests but is not granted designation as a local area under WIOA Section 106(b)(2) (initial designation) or Section 106(b)(3) (subsequent designation) may submit an appeal to the State Board under an appeal process established in the State Plan. If the appeal does not result in such a designation, the appeal may be submitted to the Secretary of Labor. A decision by the State Board and Governor to deny a request from a unit of general local government or a combination of such units, that does not meet the criteria for initial designation, under Section 106(b)(2), or for subsequent designation, under Section 106(b)(3), e.g. a request to be designated per "Designation on Recommendation of State Board and Approval of Governor" per Section 106(b)(4), is not appealable.

- Within ten working days of providing notice of their intent to file an appeal, the appellant must submit their rebuttal package stating the grounds for the appeal and state the reasons why the appellant should be initially designated via certified mail to the Alabama Department of Commerce, Workforce Development Division, State Workforce Development Board, Post Office Box 304103, Montgomery, Alabama 36130-4103. This rebuttal package should address all issues raised or questions asked by the State Board in rendering their decision and indicate if a formal hearing is requested. The appellant may be asked to provide additional information/documentation.
- The WDD staff will work in conjunction with the State Board to expedite review of a designation appeal and to schedule a formal hearing, if requested, before the State

Board. Efforts will be made by WDD staff to enable Board members to review the appeal informally, i.e., via e-mail or mail outs, or, if the situation warrants, the Board may be convened by the Governor in advance of a scheduled meeting date in order that the appeal might be heard.

- The goal is for any appeal to be resolved within 30 days of the filing of such appeal with the Board, through the WDD (Alabama Department of Commerce).
- If the appeal to the State Board does not result in designation, the appellant, if appealing an initial designation under WIOA Section 106(b)(2) or subsequent designation under Section 106(b)(3), may request review by the Secretary of Labor. An appeal to the Secretary must be submitted by the appellant or grant recipient no later than 30 days after receipt of written notification from the State Board that the appeal has been denied. Appeals must be submitted by certified mail, return receipt requested, to the Secretary, U.S. Department of Labor, Washington, DC 20210, Attention: Assistant Secretary, Employment and Training Administration. A copy of the appeal must be simultaneously provided to the State Board.
- If the Secretary determines that the appellant was not accorded procedural rights under the appeal process established under the above section, or that the area meets the requirements for initial or subsequent designation in WIOA Section 106(b)(2) or 106(b)(3), the Secretary may require that the area be designated as a workforce development area. The Secretary must issue a written decision to the Governor.

Regional Planning and Cooperation

Pursuant to Section 106(a) Regions – Before the second full program year after the date of enactment of the Act (July 22, 2014), in order for a State to receive an allotment under Section 127(b) or 132(b) and as part of the process for developing the State Plan, a State shall identify regions in the State after consultation with the local boards and chief elected officials in the local areas and consistent with the considerations described in Section 106(b)(1)(B).

Additionally, the State may require information sharing among local areas to improve their performance in the designated regions on local performance measures and to coordinate programs and activities under WIOA Title I. The State may also require regional coordination in service delivery.
