**Alabama Department of Commerce  
Workforce Innovation and Opportunity Act (WIOA)  
Grant Agreement**

**Assurances and Certifications**

**1. Applicable Authority:**

Funds provided under this agreement must be expended in accordance with all applicable federal statutes, regulations and guidance, including those of the Workforce Innovation and Opportunity Act as presently in effect and as may become effective during the terms of this Agreement.

**2. Administration Limitation:**

Local areas are limited to spending no more than 10 percent of their annual allocation on administrative costs. Flexibility is provided to States and local areas in the statute by allowing administrative funds from the three formula funding streams awarded under subtitle B to be pooled and used together for administrative costs for any of the three programs, at the State and locals' discretion.

**3. Veterans Priority Provisions:**

This program, funded by the U.S. Department of Labor is subject to the provisions of the "Jobs for Veterans Act" (JVA), Public Law 107-288 (38 USC 4215), as implemented by 20 CFR Part 1010. The JVA provides priority of service to veterans and spouses of eligible veterans for the receipt of employment, training, and placement services. Agreement by a program operator to implement priority of service is a condition of receipt of DOL funds. The Planning Guidance (either the Stand-Alone Planning Guidance at 73 FR 72853 (December 1, 2008)) or the Unified Planning Guidance at 73 FR 73730 (December 3, 2008) requires states to describe the policies and strategies in place to ensure, pursuant to the Jobs for Veterans Act and the regulations, that priority of service is provided to veterans (and certain spouses) who otherwise meet the eligibility requirements for all employment and training programs funded in whole or in part by the U.S. Department of Labor. In addition, the states are required to provide assurances that they will comply with the Veterans' Priority of Service Provisions established by the Jobs for Veterans Act (38 USC 4215) and TEGL 10-09 (issued November 10, 2009). TEGL 10-09 is available at [http://wr.doleta.gov/directives/corr\\_doc.cfm?DOCN=2816](http://wr.doleta.gov/directives/corr_doc.cfm?DOCN=2816).

**4. Salary and Bonus Limitations:**

In compliance with Pub. L. 111-117 (Division D, sec. 107), none of the funds appropriated in the Act under the heading 'Employment and Training' shall be used by a recipient or subrecipient of such funds to pay the salary and bonuses of an individual, either as direct costs or indirect costs, at a rate in excess of Executive Level II. This limitation shall not apply to vendors providing goods and services as defined in the Uniform Guidance. Where States are recipients of such funds, States may establish a lower limit for salaries and bonuses of those receiving salaries and bonuses from subrecipients of such funds, taking into account factors including the relative costs-of-living in the State, the compensation levels for comparable State or local government employees, and the size of the organizations that administer Federal programs involved including Employment & Training Administration programs. See Training and Employment Guidance Letter number 5-06 for further clarification.

**5. Intellectual Property Rights**

The Federal Government reserves a paid-up, nonexclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use for federal purposes: i) the copyright in all products developed under the grant, including a subgrant or contract under the grant or subgrant; and ii) any rights of copyright to which the grantee, subgrantee or a contractor purchases ownership under an award (including but not limited to curricula, training models, technical assistance products, and any related materials). Such uses include, but are not limited to, the right to modify and distribute such products worldwide by any means, electronically or otherwise. Federal funds may not be used to pay any royalty or licensing fee associated with such copyrighted work, or the cost of acquiring by purchase a copyright in a work, although they may be used to pay costs for obtaining a copy which is limited to the developer/seller costs of copying and shipping. If revenues are generated through selling products developed with grant funds, including intellectual property, these revenues are program income. Program income is added to the grant and must be expended for allowable grant activities. If applicable, the following needs to be on all products developed in whole or in part with grant funds:
